

Vignesh Dandu

Full Stack Developer | Cloud & DevOps Engineer

vigneshdandu8355@gmail.com | Mumbai, Maharashtra | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Passionate about building full-stack and cloud-native applications that solve real-world problems. Working towards a career in Cloud and DevOps engineering.

SKILLS

Languages: JavaScript, C++, Python

Frontend: ReactJS, Tailwind, HTML5, CSS3

Backend: Node.js, Express.js

Database: MongoDB, MySQL, Firebase

Cloud & Devops: AWS, Docker, Terraform, Kubernetes, Github Actions (Basic)

Data & ML: NumPy, Pandas, Matplotlib

Tools: Git, GitHub, VS code

PROJECTS

College Alumni Management System (CAMS) [Link](#) 2024

- HTML5, CSS3, JavaScript, Firebase
 - Built a multi-role web platform for Hazarimal Somani College supporting Alumni, Student, Staff, and Admin workflows with real-time chat, job postings, and event management.
 - Implemented Firebase Authentication and Firestore for real-time data sync across 4 user roles.
 - Contributed to frontend UI and Firebase backend integration across the full application.

Vision-Based Traffic Control System [Link](#) 2025

- Python, OpenCV, HTML, CSS
 - Contributed to a computer vision system that dynamically adjusts traffic signal timing based on real-time vehicle density detection using OpenCV.
 - Worked on frontend interface and backend integration modules within a team.

Exam Result Analyzer Present

- Python, Flask, React.js, Tesseract OCR
 - Building a Mumbai University marksheet analyzer that extracts marks via OCR, calculates SGPA/CGPA automatically, and visualizes subject-wise performance with ATKT detection.

EDUCATION

Bachelor's of Engineering in Information Technology, Atharva college Of Engineering (GPA: 8.43 / 10 (Sem 1-5)) Sep '23 — Present
Mumbai, Maharashtra, India

- **Honours Minor:** Artificial Intelligence and Machine Learning

HSC in Science, Kishinchand Chellaram College Jun '20 — May '22
Mumbai, Maharashtra, India

- **Percentage:** 69.40%

SSC, Our Own School May '20

- **Percentage:** 90.40%

CERTIFICATIONS

AWS Cloud Essentials, Amazon Web Services Jun '26

Blockchain Technology, MOOC

Ethical Hacking, Webinar
